## ➔ BOURN HALL CLINIC JUMEIRAH, DUBAI, UAE.

World renowned Bourn Hall Clinic opens its first in vitro fertilization (IVF) center in the Middle East. This facility features a state of the art laboratory complex, the first of its kind in the GCC, where couples can view lab procedures taking place through a specially integrated viewing area. It includes operating theatres, inpatient and outpatient rooms. Once again **SWITCH MADE**, leader in LED products provided the adequate lighting required for this sensitive application.
