Raha International School is one of the most sought-after schools in Abu Dhabi, UAE, situated on 14 acres of beautifully landscaped features in the Raha Gardens development in Khalifa City. The campus features several grand piazzas and extended walkways overlaid with palm trees, with an abundance of open space and play areas.

The spacious and bright classrooms are fully furnished with the latest technology to enhance research and provide the best learning experience to the students. These significant architectural features were illuminated by **SWITCH MADE** luminaires. A total of 4000 energy-efficient LED panels have done an enormous job illuminating the majority of the main areas in the school, and to add some accent to the general illumination, several SWITCH MADE LED downlights and Cove Lights were installed as well.
